NOW THEREFORE, the parties hereto agree as follows:

1. CONTRACT DOCUMENTS
1.1. This agreement (the "Agreement") consists of:
   1.1.1. the terms and conditions set out below ("T&C") and all attached Schedules;
   1.1.2. any Sales Orders incorporated by reference to Schedule 3;
   1.1.3. any addenda to the above mentioned agreed in a signed written instrument between the Parties from time to time; and
   1.1.4. any other documents that are expressly referred to and incorporated in this Agreement.

1.2. In the event of conflict or inconsistency between the T&C and Schedules on the one part, and the Sales Orders, statement of work, or any other documents that are expressly referred to and incorporated into this Agreement on the other, the T&C and Schedules shall govern except when the terms in an Sales Order, statement of work, or any other referenced or incorporated document directly state that they supersede a term or condition of the T&C and Schedules. Each addendum agreed in writing between the Parties takes precedence over the original document which it amends, and any previously agreed addenda thereto. No terms or conditions endorsed upon, delivered with, or contained in Client's purchase order, specification, or similar document will form part of this Agreement unless agreed in a signed written instrument between the Parties.

1.3. The definitions applicable to the terms used in the text of this Agreement are either set forth in-text or in Schedule 7.

2. LICENSE TO USE AND TERM OF LICENSE
2.1. Subject to the terms of this Agreement, Forsta shall grant Client a non-exclusive, non-transferable (except as set forth in Section 19.1 below) license, for the duration of the Term, to access and use the Service and the Documentation. The Service offers access to the functionalities of the Software, a full description of which is detailed in the applicable Documentation. The functionalities available as part of the Service may vary over time, provided however that removed functionality will be replaced with other functionality permitting performance of substantially the same fundamental activities.

2.2. Unless this Agreement has already been terminated in accordance with the provisions of Article 17 below or any other article herein, this Agreement automatically extends for successive Term Extensions each of one (1) year, unless either Party has sent notification to the other Party in writing no later than thirty (30) days before the expiration of the then-current Term Extension, or, in the case of the first Term Extension, thirty (30) days before the expiration of the term stated in the Sales Order ("Initial Term"), that this Agreement will not be extended. In case of such automatic extension, if no renewal Sales Order has been executed between the Parties, each successive Term Extension will be subject to License Fees and Dapresy Units in the same quantities as the total across all Sales Orders applicable to the immediately preceding one-year term, and at the same annual price (or at the price specifically agreed in a signed written instrument by the Parties), but with a consumer price index adjustment ("CPI Adjustment") as per Schedule 2, Article 5.

2.3. Notwithstanding anything to the contrary in the Agreement, unless otherwise expressly agreed in writing between the Parties, Client may not permit the use of User IDs by: (i) its Affiliates; or (ii) any of its stand-alone business divisions, business units, or functions.

2.4. Client may only assign User IDs to individually named users and limited to the contracted amounts in the applicable Sales Order.

2.5. Client is responsible for understanding the regulatory requirements applicable to Client’s business and for selecting and
using the Licensed Materials in a manner that complies with the applicable requirements. Unless otherwise agreed in writing as part of this Agreement, Client may not use the Licensed Materials in a way that would subject Forsta to such regulatory requirements. E.g., any use by Client of the Service for purposes of processing “protected health information” (as defined in 45 C.F.R. §160.103 under US federal regulations) is only permitted upon the Parties’ execution of a separate business associate agreement.

3. SYSTEM REQUIREMENTS
3.1. Terms regarding system requirements applicable to Client’s use of the Service are set out in Schedule 1.

4. DESIGNATED USERS
4.1. Client is responsible for ensuring that the Service shall only be accessed and used by individually named users who are employees of Client or Contractors and who are provided with a User ID by Forsta (the “Designated Users”). User IDs shall be uniquely named and refer to a named e-mail address (no generic names and addresses are accepted). No more than one (1) Designated User shall have access to each User ID, and Client shall ensure that User IDs are not shared. Client shall be responsible for all activity that occurs under each User ID and shall be liable to Forsta for the acts and omissions of each Designated User (whether a Designated User of Client or of any Contractor) as though they were the acts and omissions of Client itself.
4.2. Client retains the right to re-assign User IDs upon first notifying Forsta and obtaining from Forsta a new User ID, as long as such re-assignments do not contradict any other terms of this Agreement. Client shall ensure that passwords shall always be changed when a User ID is being transferred from one Designated User to another. To increase the number of User IDs allocated to Client, a Sales Order must be executed by the Parties.

5. PERMITTED USE OF THE LICENSED MATERIALS
5.1. Client may use the Service to process its and their own data for its and their own internal and commercial business purposes, including data collection and reporting activities which Client performs on behalf of its clients, provided however that Client shall not directly or indirectly resell or sublicense the Licensed Materials or purport to do so.
5.2. Client is permitted:
   5.2.1. to invite Respondents to access the Service for the limited purposes of responding to surveys made available through the Service by Client; and
   5.2.2. upon licensing the relevant Add-On or Third-Party Accesses to grant third parties access to the relevant reporting features of the Software, including closed feedback loops and action management. Third-Party Accesses are uniquely named accesses and shall not be shared.
5.3. Client may make additional copies of the Documentation provided that distribution of such copies will be restricted to Client employees and Contractors and will be subject to the mutual confidentiality terms set out in Schedule 6.

6. REGULATIONS OF USE OF THE LICENSED MATERIALS
6.1. With the exception of Contractors, Client is not permitted to grant a User ID to its customers, or to any other third-party, nor permit them to use a User ID to access the Service. Contractors’ access to and use of the Service shall be restricted to the performance of activities which Client has engaged Contractor to perform for it. Contractors are not allowed to use the Licensed Materials to perform work on their own behalf or on behalf of any other party.
6.2. Client shall be bound by, and shall ensure that all Designated Users use the Software solely as described in the Documentation, and comply with the AUP applicable to the Service as set forth in the Documentation or on Forsta’s website. The AUP is incorporated into this Agreement by reference.
6.3. In using the Licensed Materials, Client shall comply, and will ensure that Contractors will comply, with (a) the terms of this Agreement, and (b) applicable laws and regulations (including in the United States federal, state, and local laws, rules, and regulations), including those governing the collection, processing, and dissemination of data and the sending of email and other electronic or digital communications and messages. Client shall not, and will ensure that Contractors shall not, use the Service for any illegal purpose or in any unlawful manner or in a manner that can be reasonably anticipated to interfere with any third-party’s use of the Service.
6.4. Except to the extent strictly permitted by applicable law notwithstanding contractual prohibition, Client shall not, and will ensure that Contractors shall not download, copy, decompile, revise, reverse engineer, modify, or derive source code from the Software or any other software provided as part of the Service, nor prepare translations or derivative works based upon, distribute, sublicense, rent, lease, sell or otherwise commercially exploit the Software, the Service, or the Documentation. Client may only integrate external applications with the Software by utilizing Forsta’s application programming interfaces (“APIs”) available at that time, offered as an Add-On subject to separate terms and conditions.
6.5. Client shall not release, publish, or otherwise make available to any third-party the results of any performance, functional, or security evaluation of the Software or the Service without the prior written approval of Forsta.

7. SUPPORT
7.1. Terms regarding support, support hours, Client support administration, Service Enhancements, Additional Services, travel expenses, are set out in Schedule 4.

8. FEES, CHARGES, PRICING, & PAYMENT
8.1. Terms regarding fees, charges, pricing, and payment are set out in Schedule 2.

9. OWNERSHIP AND INTELLECTUAL PROPERTY RIGHTS
9.1. Client recognizes, acknowledges, and agrees that the Licensed Materials are a valuable asset of Forsta and the parties from which Forsta derives its rights to the Licensed Materials (jointly, the “Owners”), developed by the expenditure of
considerable work, time, and money, and Client acknowledges that it has no proprietary interest therein. The Owners hold all IPR relating to the Licensed Materials. This Agreement grants to Client only the rights expressly granted to Client to access the Service and use the Software and the Documentation within the limits of and subject to the restrictions established by this Agreement. All other rights in the Licensed Materials, including all IPR, shall remain with the Owners.

9.2. Forsta shall make no claim to either the title to or IPR in, Client Materials.

9.3. Client grants Forsta a nonexclusive, worldwide, royalty-free, and fully paid license to use, reproduce, distribute, and digitally display the Client Materials, during the Term of this Agreement, to the extent necessary to provide Client with services under this Agreement.

9.4. Client shall not, and will ensure that Contractors shall not, remove, obscure, suppress, or modify any proprietary marking, including any trade mark or copyright notice, logo, or branding, appearing in the Licensed Materials, and shall incorporate all such proprietary markings in any copy of the Documentation which the Client makes in accordance with this Agreement. Subject to Section 9.5 below, the restrictions in this Section 9.4 shall not apply to changes Client is allowed to make as set forth in the Documentation.

9.5. Client shall, and will ensure that Contractors shall, include an attribution stating “Powered by Forsta” in all interview templates. Any attribution made by Client or Contractors shall not infer that Client Contractors, or any third-party owns or states any claim to the IPR in the Licensed Materials.

9.6. Forsta may, at its sole discretion use or incorporate into the Service any suggestions, ideas, enhancement requests, feedback, or recommendation provided by Client or Contractors relating to the Software, the Service, and the Documentation (“Client Ideas”), provided that such Client Ideas do not contain any Confidential Information of Client.

9.7. Client shall promptly notify Forsta if Client becomes aware of unauthorized access to, use of, or copying of the Service, the Software, and the Documentation or any other breach or violation of any of the terms of this Agreement.

10. WARRANTIES

10.1. Applicable Laws. Each Party warrants that it has the right and authority to enter into and perform its obligations under this Agreement and that it shall, at its own expense, comply with all laws, regulations, and other legal requirements that apply to such Party and to its role under this Agreement, including laws relating to IPR, the right to privacy, and defamation. Client warrants that it shall only provide lawful instructions to Forsta in relation to its use of the Service and to the processing of Client Materials. Notwithstanding anything to the contrary in this Agreement, Forsta will not be liable towards Client, Contractor, or any third-party, or be deemed to be in breach of its warranty and indemnification obligations, to the extent that Forsta’s proper fulfillment of any instructions should constitute a breach by Forsta of this Agreement or of any applicable law or regulation. Forsta shall however remain liable towards Client to the extent Forsta has not complied with obligations applicable to it under applicable laws or where Forsta has acted outside or contrary to lawful instructions of Client.

10.2. Forsta further warrants (“The Limited Warranty”) that (i) the Software and Service will perform during the Term substantially in accordance with the specifications set forth in the applicable Documentation at any time; (ii) it shall provide the Service as defined in the Service Level Agreement; (iii) any Additional Services provided under this Agreement will be performed using Personnel of required skill, experience and qualifications and in a professional and workmanlike manner and in accordance with generally accepted industry practices and performance standards; and (iv) the Service shall not cause or occasion the introduction of Malicious Code to Client provided that Forsta shall not be liable in circumstances where: (x) Client or Contractors introduce or contribute to the introduction of Malicious Code into the Service; or (y) the introduction of Malicious Code could not have been prevented notwithstanding Forsta’s timely deployment of industry standard anti-virus software, such as in the instance of zero day vulnerabilities.

10.3. EXCEPT FOR THE EXPRESS WARRANTIES STATED IN THIS ARTICLE 10, THE LICENSED MATERIALS ARE PROVIDED “AS IS”, AND “AS AVAILABLE,” AND TO THE FULLEST EXTENT PERMITTED BY LAW, FORSTA EXPRESSLY DISCLAIMS ANY AND ALL OTHER WARRANTIES, CONDITIONS, AND OTHER TERMS, WHETHER EXPRESS, IMPLIED, STATUTORY, OR OTHERWISE, WITH RESPECT TO THE LICENSED MATERIALS, INCLUDING ANY WARRANTIES, CONDITIONS, OR OTHER TERMS AS TO MERCHANTABILITY, SATISFACTORY QUALITY, FITNESS FOR A PARTICULAR PURPOSE, OR ANY IMPLIED WARRANTY, CONDITION, OR OTHER TERM ARISING FROM A COURSE OF DEALING OR COURSE OF PERFORMANCE. NO ORAL OR WRITTEN INFORMATION PROVIDED BY FORSTA OR ITS EMPLOYEES OR REPRESENTATIVES WILL CREATE ANY WARRANTY, AND THIS WARRANTY DISCLAIMER SUPERSEDES ANY SUCH INFORMATION. CLIENT ACKNOWLEDGES AND AGREES IT HAS SELECTED THE SERVICE AND IS SOLELY RESPONSIBLE FOR ANY RESULTS OBTAINED FROM THE SERVICE AND HAS NOT AND SHALL NOT RELY UPON ANY REPRESENTATIONS OR WARRANTIES AS TO THE SUITABILITY OR UTILITY OF THE SERVICE TO MEET CLIENT’S NEEDS OR REQUIREMENTS. FORSTA DOES NOT REPRESENT OR WARRANT THAT THE SERVICE SHALL BE UNINTERRUPTED OR ERROR-FREE. NOTHING IN THIS SECTION 10.3 LIMITS OR EXCLUDES FORSTA’S LIABILITY FOR FRAUDULENT MISREPRESENTATION.

10.4. In the event of a breach of the Limited Warranty, Client’s sole remedy and Forsta’s sole obligation is that Forsta shall make commercially reasonable efforts to restore the Service to the contracted level. If Forsta is unable to restore the Service within a reasonable time or at a reasonable cost, either Forsta or Client may terminate this Agreement in writing, and in such case Forsta will refund a pro rata share of the unused portion of the fees Client has pre-paid to Forsta under this Agreement and with no continuing obligation for fees owed thereafter in the event of a multi-year Term.

10.5. Forsta shall not be liable for any failures, errors, and malfunctions caused in whole or in significant part by:

10.5.1. Client’s or Contractors: (i) operation of the Software and Service in an manner not anticipated by the Documentation; (ii) non-compliance with any of the terms of this Agreement to the extent such non-compliance
affects Forsta’s Service performance; or (iii) use of the Service in combination with software or equipment not expressly approved by Forsta via the Documentation or in a support ticket;

10.5.3. the failure of Client’s or Contractors’ internal systems to meet the system requirements (as per Schedule 1) in effect at the time of occurrence; or

10.5.4. issues due to general internet latency and connection loss, or issues related to Client’s inadequate bandwidth, insufficient network, or similar.

10.6. Forsta shall not be liable for any Client or Contractors’ data system failures or damage to Client’s or Contractors’ internal system as a result of interaction between the Software and such internal systems, unless the failure or damage is clearly the result of a defect in the Software or a malfunctioning of the Service for which Client has not been pre-warned in writing by Forsta.

10.7. As a condition for invoking the Limited Warranty, Client must give Forsta written notice of the failure, error, or malfunction Client complains of as soon as practical after it comes to Client’s attention. Furthermore, Client will make commercially reasonable efforts to deliver to Forsta a detailed written explanation of how to reproduce the alleged breach of the Limited Warranty. Client understands that if Client does not provide such explanation, Forsta may not be able to address the issue.

10.8. Client represents and warrants that (i) where consent is required by applicable law and emails are being sent to individuals who are not Client’s employees, it has obtained consent to send emails to those individuals via the Service; (ii) it shall promptly and thoroughly respond to any request or complaint in relation to emails sent via the Service; and (iii) it shall process opt-out and unsubscribe requests from email recipients and promptly cease contacting them.

10.9. Client shall make reasonable efforts not to provide any person or entity that is in the business of developing data collection or reporting software with access to the Licensed Materials.

10.10. Forsta may, subject to the Parties’ mutual agreement, provide to Client access to Software features that are not yet deemed production ready by Forsta (“Limited Availability”). Any use by Client of such activated Limited Availability features shall be at Client’s sole risk and Forsta shall not, notwithstanding anything to the contrary in this Agreement, have any responsibility for the consequences of the use thereof.

16.3. Client;

16.3.1. undertakes that it (i) has sufficient legal basis to process Personal Data, including sufficient legal basis to instruct Forsta to process Personal Data; (ii) is responsible for the accuracy integrity, content, reliability, and legality of the Personal Data; (iii) complies with applicable laws on notification to and authorization from relevant data protection authorities; and (iv) informs Respondents where required in accordance with applicable law;

19. ASSIGNMENT

19.1. Neither Party may assign any rights or delegate any obligations under this Agreement without the prior written consent of the other Party, which shall not be unreasonably withheld or delayed. Notwithstanding the foregoing, either Party may assign this agreement without the other's consent to (a) an affiliate; or (b) to any person, firm, organization, corporation, or other entity which succeeds to the business of either Party by acquisition, merger, reorganization, or otherwise; upon prior written notice and provided such successor entity: i) is not a direct competitor of the non-assigning Party; ii) has the financial viability to perform the respective obligations under this Agreement; and (iii) agrees in writing to be bound by, and subject to, this Agreement.

19.2. The right to receive payments under this Agreement may be freely assigned by Forsta to any third-party for purposes of debt collection.

System Requirements will not reduce limits in place as of the Effective Date, but new limits may be introduced in relation to (i) new features provided to the SaaS Service; (ii) maintaining or improving security; and (iii) updating third party components no longer supported.
SCHEDULE 2
FEES, CHARGES, PRICING, & PAYMENT

1. FEES FOR DAPRESY SOFTWARE
   1.1. Client shall pay to Forsta the fees mutually agreed in the applicable Sales Order(s), including:
       1.1.1. License Fees, payable in advance for each one-year license term.
       1.1.2. Fees for Additional Services, payable as set forth in the Sales Order.

2. PRICE CHANGES
   2.1. Price increases may only take effect at the beginning of each Term Extension, provided that Forsta has informed Client in writing via Sales Order, e-mail, or otherwise of the increase no later than forty-five (45) days before the expiration of the Initial Term or the then-current Term Extension, as the case may be.
   2.2. Where Client upon renewal reduces purchased amounts for a product (e.g. Units, User IDs, Third Party Accesses, or similar) compared to a previous purchase, the unit cost of such licensed components may increase. Such unit cost increase shall not be deemed to be a price increase under Section 2.1 above.

3. PAYMENT
   3.1. License Fees and Dapresy Unit Fees are payable in full at the beginning of each one-year period. Subsequent purchases of such elements during any one-year period are invoiced at the time of purchase or otherwise as agreed between the Parties.
   3.2. Payments shall be made no later than thirty (30) days after receipt by Client of an Uncontested Invoice for the fees and charges in question.
   3.3. If Client fail to pay an Uncontested Invoice when due, Forsta shall be entitled to late charges at the rate of ten percent (10%) per annum of the unpaid balance from the date the invoice originally came due. Imposition of late charges shall be without prejudice to Forsta’s right to seek other remedies.
   3.4. If payment of any Uncontested Invoice to Forsta is delayed for more than ten (10) days after a payment reminder having been sent to Client, Forsta reserves the right without prejudice to any other right or remedy and without any liability to Forsta to immediately withhold Support to Client and to suspend parts of or all access to the Service granted hereunder until such payments have been received by Forsta. For clarity, any suspension of Support or access to the Service occasioned by Client's failure to make correct payment shall not remove Client's obligation of payment hereunder in respect of such period of suspension, and the suspension shall not cause the last date of the current period of the Agreement to be changed.

4. MERGERS AND ACQUISITION
   4.1. This Article 4 shall apply if during the Term directly or indirectly Client: (i) acquires, merges, or consolidates with or is acquired by, merged, or consolidated into any other entity; or (ii) acquires all or a substantial proportion of the assets of another entity (either of the foregoing an "M&A Event"), and such other entity was at the time of the M&A Event an existing licensee of the Licensed Materials (irrespective of version or whether a SaaS or on-premise model) (a “Relevant Entity”).
   4.2. Upon occurrence of an M&A Event, Client shall, subject to Section 4.3 below, be entitled to: (i) permit any Relevant Entity to access and use Licensed Materials subject to the terms of this Agreement; and (ii) use (or permit any of Clients' Affiliates to use) Licensed Materials on behalf of any such Relevant Entity or the assets of any such Relevant Entity. The agreement and sales orders of the Relevant Entity (the “Entity Terms”) shall remain in full force and effect until they terminate or expire in accordance with such Entity Terms.
   4.3. Where 4.2(i) or (ii) above apply, Client shall pay the following based on the total fees invoiced to the Relevant Entity in respect of the 12-month period immediately preceding the M&A Event ("Relevant Entity Fees"): (i) for the first year following the M&A Event, the agreed price for any Licensed Materials used by that Relevant Entity but in any case not less than seventy-five percent (75%) of the Relevant Entity Fees; and (ii) for the second year following the M&A Event, the agreed price for any Licensed Materials used by that Relevant Entity but in any case not less than fifty percent (50%) of the Relevant Entity Fees. By way of example, if the remaining license period under the Entity Terms at the M&A Event is nine (9) months, then fees under the Entity Terms shall remain due for those nine (9) months until the Entity Terms expire; then additionally Client shall pay no less than seventy-five percent (75%) of the Relevant Entity Fees outlined above prorated for three (3) months and then no less than fifty percent (50%) of the Relevant Entity Fees for the next twelve (12) months thereafter.
   4.4. In exchange for the fees paid by Client in accordance with Sections 4.3 (i) and (ii) Client shall be entitled to request and obtain for the relevant license period Licensed Materials up to that value calculated using the same product price levels as those agreed in the applicable Client Sales Order under this Agreement.

To the extent those same documents include capitalized terms that are not defined therein, or herein, the Parties agree that a reasonable interpretation shall be made thereof taking into account the nature of the Service and the context in which the Service is offered and used. To the extent that the definitions used therein conflict with the definitions set forth in this Schedule, the definitions set forth in this Schedule shall control.

1.4. The URLs included in this Schedule and pointing to dapresy.com domains may be substituted with other URLs upon Forsta providing written information thereof to Designated Users.

1.5. Any reference to the “Agreement” herein shall include Schedules, Addenda, Sales Orders, SOWs, and any other documents executed between the Parties and making reference to the Agreement.

4. **DATA PROTECTION AND SECURITY STANDARDS**

Client represents and warrants that at all times during the Term, Client has obtained and will continue to maintain all the necessary valid and binding right, license and consents to use, copy, modify, manipulate, distribute, share, process and analyze any Client Materials being provided by or on behalf of Client for processing via the Service, and for Forsta to process such data in accordance with the terms of the Agreement and this Schedule.

4.2. As it pertains to any terms and conditions relating to security and data protection agreed to between the Parties as part of the Agreement, Client acknowledges and agrees that, notwithstanding anything to the contrary in the Agreement or in any other signed writing between the Parties, as of the Effective Date (i) the Personal Data to be processed via the Service will
be processed and hosted on servers (including cloud servers) managed by or on behalf of Forsta; (ii) the location of the Service shall be agreed in writing between the Parties at Effective Date, and selected amongst those offered by Forsta at such; (iii) the terms of the Agreement applicable to the replacement of third-party suppliers managing the SaaS Hosting Environment, or change of the location of the SaaS Hosting Environment, shall also apply to the Service; (vi) Forsta’s Personnel is hereby permitted by Client to process Client Personal Data provided that such processing shall be restricted to the purposes outlined in this Schedule and in the Agreement, and always subject to confidentiality, data protection and security standards comparable in scope with those set forth herein. Where processing of Personal Data by Forsta and Dapresy Affiliates takes place outside of the European Economic Area (“EEA”), such Affiliates shall have entered into between themselves the European Union Standard Contractual Clauses (“SCCs”) in accordance with the EU General Data Protection Regulation (“GDPR”) article 46 (2) c. Upon Client’s request, Forsta shall provide a copy of the signed agreements to Client; and (vii) to the extent Client’s Personal Data originating from data subjects within the EEA is being processed by subprocessors of Forsta or Dapresy outside of the EEA, Forsta or Dapresy, as applicable, shall have (x) assessed that such international data transfers are permitted under the GDPR, such as in accordance with the EU Commission’s adequacy decisions or other approved transfer models, or (y) have entered into SCCs with such subprocessors, in accordance with the GDPR.

4.3. The operational, security and data protection standards for the Service shall throughout the Term be substantially aligned with those available here: https://dapresy.freshdesk.com/support/solutions/folders/7000040738.

5. PRICING AND FEES
5.1. The pricing applicable to the use of the Service, as well as any implementation services, training and other consulting services, shall be set out in a Sales Order, SOW or other ordering document agreed to and signed by the Parties. For the avoidance of doubts, provisions of Articles 2 through 5 of Schedule 2 of the Agreement shall apply to the Service.

5.2. As and if additional modules of the Dapresy Software are developed and brought to market beyond those included in the Dapresy Software as of the Effective Date, such modules shall be considered as Add-Ons as defined in the Agreement.

6. SERVICE LEVEL AGREEMENT
6.1. The SLA applicable to the Service (“SLA”) shall be the one available from https://docs.dapresy.com/documents/dapresy_user_agreement.pdf. To the extent such terms overlap or conflict with the terms in the Agreement, the Dapresy SLA terms shall prevail.

6.2. Forsta does not warrant nor guarantee the performance of API connections that use third-party components.

7. DAPRESY SERVICE
7.1. A description of the functionalities of the Service is detailed in the applicable Documentation. As of the Effective Date, the following applies:

7.2. The Service consists of the following:
- Administrator UserIDs
- Report User IDs
- Data points or bulk data
- Online / Onsite training
- Access to support and maintenance
- Client service team will guide initial setup to ensure proper use

7.3. The number and type of User IDs, data points and the systems and the commercial terms of this Agreement shall be set forth in the applicable Sales Order.

7.4. To ensure optimum performance, Administrator Users should have a high-speed Internet connection.

7.5. Hierarchies: A hierarchy is determined by 1:1 relationships between variables in your survey. In Professional edition Client can have individual filters (Region, Product, Demo, etc.) but Client cannot have dynamic filtering based on relationships between variables. In Professional edition, for illustrative purposes, Client can filter by Region, but Client cannot link a Region variable and State variable to dynamically path the State variable to only show NH, MA, RI, CT, VT, NY, PA (subject to change) as state options when "Northeast" is selected as Region. That functionality requires Enterprise license. With Enterprise license, Client can link report users with correct hierarchal access rights. Additionally, extra functionality is unlocked in the charts and tables to dynamically compare or run analytics on different levels or groupings in the hierarchy that would otherwise not be possible in Profession Edition.

7.6. Initial training and onboarding
7.6.1. Client agrees to the following:

7.6.1.1. Administrator Users will take the online course(s) identified to them by Forsta, and finish this requirement prior to their on-site workshop. Forsta reserves the right to delay the on-site workshop if these courses are not completed.

7.6.1.2. Client agrees to an initial "kick-off" meeting prior to the on-site workshop to review the scope of their needs, understand what is expected from Forsta to ensure success, discuss any specific project requirements (for example, a tracking study) and share with Forsta actual files that can be used in the workshop.

7.6.1.3. Client agrees it is their responsibility to ensure that the Administrator Users take the workshop experience seriously to ensure their learning the Dapresy Software.

7.6.2. Client will provide a conference room (or equivalent) space to accommodate the number of trainees and
instructor. This space must have high speed Wi-Fi internet connections for all attendees. A monitor or projector needs to be available so the trainer can present his screen. Trainees will be expected to focus on the training to ensure proper learning; this means cell phones off and no emails. There will be adequate breaks provided to handle business.

7.6.3. Client agrees that post-training, all Administrator Users will agree to a 60-day plan (which may entail weekly meetings) to address usability questions, issues and concerns. Client further agrees that Administrative Users will make best efforts to read release notes and newsletters to stay updated on capabilities and attend the scheduled “Expert Series” 30-minute webinars for more in-depth advanced training. These webinars are recorded and available online. The knowledge base, currently available via the Software, contains a comprehensive explanation of most Software functions.

7.6.4. Client acknowledges that Administrator Users and Report Users can view and modify charts and change tables within a StoryTeller dashboard. StoryTeller can export data views to PDF as images, and to PowerPoint as layered images and editable text boxes (but not as native PowerPoint). For those users that require raw data access, the cross-table tool allows sophisticated data queries that can be exported to Excel.

7.6.5. Client acknowledges that the StoryCreator is designed for standard PowerPoint production and outputs native PPT editable charts & tables, subject to the product release schedule.

7.6.6. Client acknowledges that the Service is a SaaS platform used by multiple users. It is designed to be highly configurable but not fully customizable since custom changes affect all users. Project requirements must fall within existing Software functionality. Typically, the Service can handle most user configurations, requirements and functional needs, but Forsta does not commit to being able to achieve identical replication of the specifications.

7.7. Data Files: Client is fully responsible for supplying data files as set forth in this paragraph in a system compatible format that meets the requirements of Client projects. For survey data, the Service has API connections to some survey systems, and if Client or their supplier uses these survey systems the connection will ensure proper data format. If there is no API connection, Client will use SPSS, Triple-S or Excel/CSV raw data files in a format compatible with the Service, or other pre-approved formats. For non-survey data, Client will use appropriate Excel/CSV files in a format specified for the specific project needs. During the implementation phase, Client agrees to provide direct access to their data team or their data vendor to ensure these formats are clearly specified. If Client or their vendor requires Forsta to manipulate their data files, this service can be provided for an additional fee to those specified in this contract. However, it is the intent to have Client or their vendor to provide proper data file based upon Documentation.

7.8. Data Quality Control: Forsta is responsible for providing overall Service functionality and the ability to configure the Service to present data within the core capabilities of the Software. Client is responsible for checking the data and the “quality control” process needed to ensure data accuracy. Forsta is responsible for providing guidance (per Data Files section above) to ensure the structure of the data file will be compatible with the Software. Forsta is not responsible for data integrity due to inaccurate or incomplete data files and will not check nor is responsible for accuracy or complete data.

7.9. Turnkey solutions

7.9.1. At times, the Client may require Forsta to build a functional dashboard. Except to the extent otherwise set forth in an applicable SOW or Sales Order, this type of consultation requires the Client to support the initiative from start to finish and this process includes 4 phases.

1. Phase 1 includes debriefing Forsta on the project scope, confirming timeline, ensuring data is provided to Forsta in a Forsta friendly format and working closely with Forsta on wireframing the project. Wireframing includes detailing and agreeing on the number of dashboard slides, navigation/flow, filters, variables, calculations (and formulas) with to intent to deliver within the scheduled hours and timeline.

2. Phase 2 includes designing the dashboard via an image editing software, providing the client a flat file where the client is to sign off on colors, logos, skin design, login design, etc.

3. Phase 3 is the production of the Dashboard based on the wireframe scope and the designs.

4. Lastly, phase 4 is distribution to the report users. It is understood that finalization might require cosmetic changes to positioning of objects, colors, etc. and these will not delay any payments.

7.9.2. Forsta will provide a cost estimate and number of hours required +/-10% for each phase above. Depending upon Client changes to the scope, the price may increase/decrease.

7.9.3. Client acknowledges that all timelines provided by Forsta are subject to Forsta having working data files (per Data Files section above), and the delay of these files will delay any agreed to delivery dates.

7.9.4. Forsta will make reasonable efforts to work closely with Client to build a “functional” dashboard. Functionality is defined as the data and calculations being accurate and the agreed scope of the wire frame being met. It is understood that finalization might require cosmetic changes to positioning of objects, colors, etc., and these will not delay any payments.

7.10. Client Service Hours: Client service hours (post training) can be used for project consultation, design services and templates production and are valid for one (1) Contract Year in which they are purchased. For the purposes of this paragraph the term “Contract Year” means each twelve-month period within the term of the Sales Order. These hours may not be used for Client’s requests to build a functional dashboard or for turnkey solutions, such initiatives shall be priced and agreed separately. If Client requires Forsta to provide Client consultation beyond those hours purchased in
the applicable SOW or Sales Order, they will be billed for an additional fee at the mutually agreed rates. Any unused Client service hours at the end of the applicable Contract Year will not be reimbursed nor transferred for use to subsequent periods unless agreed differently in the applicable SOW.

7.11. **Dapresy Professional Features:** To the extent Client is operating under the Dapresy Professional license, it may have been provided access to feature-sets that are only available to Clients operating under the Dapresy Enterprise license. Forsta retains the right to remove such features at any time.
